ULL IN THE STRIKE.

No Excitement as All the Mines Are Idle.

MEETINGS OF THE MINERS HELD.

Resolutions Adopted Not to Return to Work Until the Officials Gave the Order.

A Few More Men Have Joined the Strikers—The Strike Already Affecting the Price of Coal.

PITTSBURG, July 14.—There is a lull in the miners' strike in this district attributable to the fact that nearly every mine in the district is idle. To keep up the enthusiasm and prevent the strikers from becoming lukewarm in the cause, however, the officials have arranged for a series of meetings in different sections every day. Meetings have been held at Banning, Fayette City, West Newton and Snowden, and at each place resolutions were adopted not to return to work until the officials gave the order.

News reached the miners' headquarters yesterday afternoon that the diggers in the Cannell, Warner and Morgan mines, Beaver county, had thrown down their picks and joined the general strike. The three pits employ about 300 men. The strike has also spread to Mercer county. Five mines are idle in that region. They are Hallville, Spear, Ridge and Diamond mines Nos. 1 and 2. The men struck for an advance of 10 cents per ton.

An effort was made to resume work at the Eagle mine at Monongahela City. It is a co-operative concern, but the sentiment of a majority of the stockholders was against resumption and it was decided to keep the pits closed until the strike was settled.

A delegation from Brownsville says the Knob, Beaumont, Umpire and Albany mines have closed down and the miners have joined in the general strike with a determination to remain out until the question of wages is satisfactorily settled.

District President Patrick Dolan said the strike, as far as the miners are concerned, is progressing in good shape. When asked about arbitration, he said that is what is wanted as a means whereby the miners may get fair pay for their labor. "It is a question of hard-earned bread," he added, "which has long been withheld. If arbitration brings a satisfactory settlement, then arbitration is the proper course." President Dolan said a movement would shortly be made on the mines above the Pennsylvania railroad that are still in operation, and a strong effort will be made to bring them out on a strike.

No plans have yet been arranged to bring out the men at the three mines of the New York and Cleveland Gas Coal company, but Mr. Dolan says they will receive attention later in the week.

Governor Atkinson of West Virginia, accompanied by his wife and a number of state officials, spent the day in Pittsburgh, en route to Canada, where they will attend the convention of the Epworth League. Concerning the miners' strike, he said:

"The coal strike is not affecting West Virginia very much and I do not believe the main body of our miners will go out. I do not anticipate any trouble whatsoever from the strike in our state, and believe the trouble all over the country will be speedily settled by arbitration."

Two sessions of the arbitration board were held yesterday, representatives from the states of Pennsylvania, Ohio, West Virginia, Indiana and Illinois being present. At the afternoon session President Dearmit appeared before the board and told of the conditions which exist from his point of view. He recited the history of the miners' struggles for better conditions. He told of the great uniformity movement of 1895-96, which failed of its purpose. Mr. Dearmit said:

"If the operators of the Pittsburg district abolish their company stores, use a uniform screen, give honest weight, 2,000 pounds of coal for a ton; pay cash every two weeks, I will leave it to any committee to settle the price of mining and pay it, no matter how high, providing all my competitors pay the same price. Unless these conditions can be brought about I will not agree to abolish the contract with my men, nor can I afford to do so."

Mr. Dearmit pointed to the fact that his men were working when almost every other mine in the district was idle. He said that he fully intended to pay his men the district price whenever the other operators will meet his terms. If true uniformity was secured here, however, it would so involve the interests of the other bituminous states, he said, that ultimately there would have to be a chain of uniformity agreements in all the states, that would cost much money and require considerable time to accomplish. He promised the board all assistance in his power in securing a settlement upon the basis proposed, but said under no consideration would he treat with the United Mine Workers.

President Dolan and Secretary Warner of the Mine Workers' association were before the commission in the evening and recited their grievances. They disputed much that Mr. Dearmit had said and questioned his sincerity at this time. They claimed that when 90 per cent of the operators had been secured for uniformity Dearmit agreed to it, but later found a technical loophole, and availed himself of it to repudiate his original proposition.

A number of the operators have been quietly planning a coup, which is expected to bring dismay to the miners. It is the intention to at once equip the mines with machines and do away with a great many diggers. When the mines are ready to start miners will be imported and put to work under heavy

guard and the premises barricaded after the manner pursued by the Carnegies during the great strike of 1892. With the co-operation of the other operators J. A. Beidler of the Webster Gas Coal company, located on the Monongahela river, will take the initiative. The operators claim this plan becomes necessary because the West Virginia people are gobbling all their contracts. It does without saying that the diggers will resort to every possible means to prevent the carrying out of the proposed scheme.

INDIANA MINERS ALL OUT.

Even the Nonunion Men Want to Come Out and Help Along the Cause.

TERRE HAUTE, Ind., July 14.—President Knight of the Indiana miners has been called to Clinton where 500 men, who have been working on an unorganized basis for two years and taking whatever prices were offered, are anxious to join the union and help along with the strike.

In Sullivan county yesterday the Star City mines posted notices that no more mining would be done until the strike was settled. This practically ends the mining in that county.

Advices were received by the miners' officials yesterday recounting efforts of several operators to secure settlements with their men at the wages asked. In each instance all offers were rejected until after the meeting of the national executive board, which will be held at Columbus, O., at an early date.

The strike has already begun seriously to effect the visible supply of coal, and the prices go a notch higher every day. Every mine of importance in Indiana is now idle.

PRESIDENT RATCHFORD TALKS.

He Is Confident of Bringing Out the West Virginia Miners.

COLUMBUS, O., July 14.—When asked in reference to the proposed action of the officials of the Wheeling and Lake Erie railroad in enjoining the miners from interfering with the operation of their mines, President Ratchford said: "If it is lawful for men to cease work and strike against insufficient wages to support them, we have violated to law; if it is not lawful, we plead guilty. We do not fear to advise the men to strike so long as they do so along lawful lines, and therefore we have no fear of the proposed injunction."

President Ratchford said he was confident of bringing out the West Virginia miners.

A telegram was received from Grand Master Workman Sovereign of the Knights of Labor, offering his personal services.

All Quiet in Eastern Ohio.

BELLAIRE, O., July 14.—Matters are quiet in the mining districts along the three big coal-carrying roads in eastern Ohio. So far the operators have made no move toward running the mines with imported labor, which it has been said would be used in the event of the prolongation of the strike, and the strikers have not yet molested any of the coal trains passing through to the lakes from the Fairmont field.

Illinois Miner All Idle.

SPRINGFIELD, Ills., July 14.—Not a shaft in Sangamon county is in operation and about 3,000 miners are idle and the tie-up in the Springfield mining district is complete. The same is true in every mine operated in the surrounding counties and no less than 30 mines are closed.

DREAMED HE WAS DEAD.

The Next Day a Telegram Arrived Confirming Her Fears.

PERU, Ind., July 14.—Clinton E. Reis, formerly a conductor on the Lake Erie and Western railroad, but of late an employee of the Black and White River Valley road, in Arkansas, was accidentally killed Saturday or Sunday. He was a brother of Mrs. John Sherer of this city, and the telegram that she received did not state the circumstances surrounding the man's death.

Mrs. Sherer says that she had a premonition of her brother's death in a dream. When her husband, John Sherer, came home Sunday morning on his run on the Lake Erie and Western road, it was 4:30 o'clock, and he was much surprised to find his wife up so early. When she told him of her dream that her brother was killed, he tried to console her, but could not.

In the evening she received the telegram which announced his death.

TWO DEAD AND THREE INJURED.

Disastrous Fire in a Tenement House in Jersey City, New Jersey.

JERSEY CITY, July 14.—A disastrous fire which started in a baker shop in Cole street yesterday morning resulted in the following casualties:

Willy Ziegler, 6 months old, dead. Bertha Ziegler, 3 years old, carried down a pipe by her father, but died.

Tommy Ziegler, 10 years old, legs and shoulders dislocated, internally injured.

Mrs. Ziegler, legs and shoulders badly hurt suffering from internal injuries.

William Ziegler, violently insane and suffering from partial suffocation.

They were tenants over the bakery, and the fire gained headway with such rapidity that escape was cut off. The rooms filled with smoke, and when help arrived two children were dead and others were unconscious or crazed. The fire was put out with small property loss.

FIXED UP BY THE CENSOR.

How the Spanish Authorities Want the News to Read.

HAVANA, July 14.—According to official reports, Colonel Almendarcie had

REFUGEES FROM CUBA

Twelve Men Landed on the Island of Jamaica.

SURVIVORS OF A PATRIOT CAMP.

After Extreme Suffering at Sea They Are Robbed of Their Dispatches by British Officials—Their Accounts of the Cuban Rebellion—Insurgents Again Using Dynamite Havana Dispatches.

KINGSTON, Jamaica, July 14.—Twelve Cubans, the last survivors of an insurgent camp in the island, a little port on the north side of the island, a few days ago in an open boat. They were in a terrible condition of exhaustion as they had been 70 hours in making the passage. The little craft, which had been constructed in the camp just before their departure, was found to leak in several places, and owing to the high winds and the heavy seas, the refugees were compelled to take turns at baling her. Again and again they were on the verge of destruction. After three days of constant anxiety and struggling they managed to put into Rio Nueve in a pitiable condition.

The names of the crew are: Dr. Gonzal Garcia Vieta, a lieutenant colonel; Commanders Miquel A. Varona and Felix V. Preval, Captains Arthur R. Joice and Luis K. Miranda, Lieutenants Carlos Bordelois and Carlos Moreno, Sub-lieutenants John Veneter, Adolphus Casonovas, Alberto Diaz, Juan Caldeven and Lorenzo Vincente. It is suspected by the authorities here that some of these names are fictitious, and that among the party are several important revolutionary leaders who have business in New York and who are traveling incognito. Whether the suspicions of the government are well founded or not, it is hard to say at present, but in a few days the real facts will probably become known.

Of the 12 men composing the party four are invalids. Dr. Vieta is now lying in Kingston, tenderly cared for by the local Cubans, suffering from a sickness induced by months of trials and privations. Another has a bullet wound in the thigh; a third a bayonet wound in the shoulder, and a fourth is not expected to recover from an internal complaint aggravated by the severe effects of the voyage. They complained bitterly of the actions of the British officials for the visiting health officer had arbitrarily seized a number of important letters and dispatches designed for the Cuban junta to New York. They had protested against this action, but the officials replied that a breach of the postal regulations act had been committed and that the letters must be forfeited as a penalty. Nearly 80 letters were taken from Dr. Vieta alone, and there is no prospect of any of them ever reaching their destination. All the men now hope for is that the British government will see its way clear to let the dispatches go through, and will not in any event turn them over to the Spanish consul.

Cubans Looted a Town.

NEW YORK, July 14.—A special from Gibara, Cuba, says the Cubans in that vicinity have been very active recently. They have attacked the towns of Santa Rosalie, Candelaria, Yabazon and Potrerillo. The first named town was looted and almost completely destroyed by fire. The town is directly across the bay from Gibara. Two gunboats lay in the bay, but were powerless to do anything.

Unequal Losses.

MADRID, July 14.—A dispatch to The Impartial from Havana says that in the engagements which have taken place within the last 10 days the Spanish have lost 21 men killed and 97 wounded. The patriot losses were 225 killed and 414 surrendered.

DEFICIENCY BILL PASSED.

The Last of the Great Supply Measures Acted on by the Senate.

WASHINGTON, July 14.—The price to be paid for armor plate for the three new battleships now in course of construction was the theme of an extended and at times lively debate in the senate yesterday. Late in the day an amendment to the deficiency appropriation bill was agreed to, reducing the price of armor plate to \$300 per ton, or \$125 less than the amendment reported by the committee and recommended by the navy department as the minimum rate acceptable to the armor contractors.

Another amendment inserted in the bill directs the secretary of the navy to investigate as to the establishment of a armor factory and to report to the next session of congress.

During the debate Mr. Hale urged that the failure to equip the battleships with armor would humiliate the United States in the eyes of the world, and would lessen our naval power at a time of possible foreign complication.

After inserting the armor amendment, the deficiency bill, the last of the great supply measures, was passed.

The house was in session but three minutes and transacted no business.

LAID TO REST.

Funeral Services Over the Remains of the Late Senator Harris.

MEMPHIS, July 14.—The remains of the late senator Isham G. Harris have arrived in Memphis, have been laid in state in the First Methodist church and late yesterday afternoon were interred in Elmwood cemetery, according to the full and elaborate program laid down in advance.

The remains and the accompanying party from Washington and Nashville was met at the depot at 7:30 o'clock yesterday morning and was escorted to the church by the Confederate Veterans in full uniform. The passage of the procession was watched with interest by great throngs that gathered on the streets even at so early an hour.

Thousands of friends and citizens viewed the remains during the morning and early afternoon. Funeral services were held at 4 o'clock and the body was interred at Elmwood cemetery.

Miner Instantly Killed.

ROCKVILLE, Ind., July 14.—George Mankins, a miner, was instantly killed yesterday afternoon by an explosion of a keg of powder in Walker's coal mine near here. He was terribly mangled. The accident occurred while he was alone, and what caused it is not known.

He was a married man. The Walker mine is a small concern, devoted to local trade, and is not on the railroads. The miners there have not joined the strike, only a few being employed.

Hardware Store Burned.

LINDSAY, O., July 14.—Orange Overmyer's hardware store here was totally destroyed by fire yesterday. Loss, \$6,000; insurance on stock and building \$45,000. Incendiary.

Missing Man Found Dead.

CHILLICOTHE, O., July 14.—Will Pennington was found near Richmondale, sitting under a tree where he had been struck by lightning. He had been missing a week.

Wife-Murderer Hanged.

HARTFORD, Conn., July 14.—Thomas F. Kippie was hanged at 12:30 o'clock this morning. Kippie was a Scotchman, 41 years old. He killed his wife at their home in New Haven on Jan. 31, 1896, in a drunken fight.

Her Wish Not Realized.

BUTLER, Ind., July 14.—Mrs. R. B. Thompson, 99 years old, is dead at her home, near Metz. She was the oldest person in the county.

LOCKED UP IN THE PENITENTIARY.

He Is Not Able to Do Any Labor Just at Present—Labor Riot in Cleveland—Relics of a Riot—An Aged Couple Choked by Burglars—Hardware Store Burned.

COLUMBUS, O., July 14.—Zachary T. Lewis, the celebrated bond forger of Urbana, was received at the penitentiary yesterday to serve an eight-year sentence for his misdeeds. He was allowed to retain his beard, but a second grade prison suit, checks, was placed on him. He was solicitous about his health and at his request was allowed to retain the heavy underclothing he wore over from home.

He will temporarily be placed in the idle house, but will ultimately be put to work at some duties where his talents can be made use of to the best advantage of the prison. He is really in bad health and can not be expected to do manual labor. His prison number is 29,363. When searched he had but one cent in his pockets after all he has stollen and been worth.

SMALL RIOT IN CLEVELAND.

First Trouble Over the Strike at the Crescent Tin Plate Mill.

CLEVELAND, July 14.—Trouble broke out in the neighborhood of the Crescent tin plate mill yesterday afternoon. Six nonunion men entered a crowd of union men with their hands in their pockets as if to draw revolvers. This excited the ire of the union men, who seized and searched them, but found no revolver.

The nonunionists fled, but were pursued by a gang of loiterers. John Vanek, one of the nonunion men, was badly beaten. A hooting crowd of men, women and children, numbering thousands, gathered when the patrol wagon was summoned. The police charged the rioters and dispersed them.

RELICS OF A RIOT.

Novel Scheme Proposed to Pay the Expenses Caused by a Mob.

CIRCLEVILLE, O., July 14.—The remaining two indictments against Colonel A. B. Coit of Columbus, growing out of the riot of 1894 at Washington C. H., has been nollied by Judge Walters.

The county commissioners have in mind cutting up the heavy battering-ram used on the doors of the Washington courthouse at the time of the riot, and selling the pieces for relics, to reimburse the treasury for the \$1,800 expended for jury fees, which they have not been able to collect from Fayette county.

An Aged Couple Choked by Robbers.

TIFFIN, O., July 14.—Robbers are getting very bold in this city. About 2 o'clock yesterday morning they entered the residence of John F. Shubert, and upon being discovered, they rushed to the bedside of Shubert and his wife and choked them nearly to death. Both, being old, are in a serious condition and may die. The robbers secured about \$15 and made their escape.

THE international Christian Endeavor convention has proved a big thing for San Francisco. Estimates made by leading business men agree that the people brought there by this great gathering will leave not less than \$1,000,000 in the city.

THE Louisville Post strongly intimates that the Courier Journal was paid \$150,000 last fall for opposing the Democratic ticket. The Post stood in with the same crowd of bolters, and ought to know what it is talking about. Let the facts be known.

"For this campaign," says the Louisville Post, "the motto of the Democratic party should be Kentucky's motto, 'United we stand, divided we fall.' Pity it is the Post could not see it in that light in the campaign last fall, is the pertinent remark of the Covington Commonwealth.

THE Republican platform adopted at St. Louis June 17, 1896, says:

The civil service law was placed on the statute book by the Republican party, which has always sustained it, and we renew our repeated declarations that it shall be thoroughly and honestly enforced and extended wherever practicable.

Yet in the face of such a declaration as above, some so-called Republican papers are now devoting their space to denunciations of the "snivel service fraud."

THE new tariff law which has just been signed by the President may be appropriately considered an Industrial Declaration of Independence. An official text of the law has just been published by the American Protective Tariff League, and should be carefully examined by every citizen. Protectionists ought to have a few copies of this law for distribution. Five copies will be sent to any address for 10c. Ask for document No. 30 and address W. F. Wakeman, General Secretary, 135 West Twenty-third street, New York.—Public Ledger.

Which tariff law? If the President has just signed a tariff bill the country doesn't know it. The Dingley bill is hung up in conference.

Excursion to Cincinnati, Sunday, July 18th.

On Sunday, July 18, the C. and O. will run a special excursion train from Mayville to Cincinnati and return, leaving Mayville at 8 a.m., returning leave Cincinnati (Fourth street depot) at 10 p.m. Rate from Mayville only \$1.00. Special attractions: Encampment Third Infantry, O. N. G., at Lagoon; base ball, Cincinnati vs. Washington.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Biters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Biters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

A RIP SNORTER.

Bradley's Organ, the Frankfort Capital, Continues to Roast Senator Deboe and Judge Thomas.

[Frankfort Capital.]

If K-ntucky, instead of sending Deboe to Washington, had shipped a 250-pound barrel of salt pork with a proxy addressed to Mark Hanna, tacked on the head, she would be quite as well represented in the United States Senate as she is at present.

Deboe, supposed to be at least manly and self respecting, is being led around by Hanna and Company like a big hog at a fair following the man with an ear of corn; supposed to be at least honest if dull, he has not sagacity enough to even veil his faithlessness to his pledges or the interests of his constituents, but sitting like an automaton with Hanna at his side to direct his movements, he deliberately refuses to vote on the matter of the whisky tax, though pledged to support the cause of the Kentucky distillers, just as he stayed away from the Senate when the duty on hemp was being cut 20 per cent.

Nobody expects Deboe to make a speech in defense of the interests of his constituents; but when those interests are attacked it was not unreasonable for his constituents to hope that if they would go to Washington and introduce themselves and their interests to this great statesman who was found by the Kentucky Legislature where the stars must have left him, in the Pennyrule—it might have been expected that stupid as he is, Deboe would have known that he was due to get up and roar like a lion, and make a bluff at not being nothing but the jackass of the fable. But

there is no roar in Deboe; all the hemp growers and all the distillers of Kentucky could not get him to even rise up and bellow like a bull. The fact is, the nearest approach that Deboe makes to having something to say for himself is when he howls like a calf because of "Gov. Bradley calling me a d— fool."

Deboe was never sent to the Senate because anybody thought he was above mediocrity, but because, by comparison with Hunter, he seemed to be an honest, well-meaning fellow. He has turned out to be a mere tool for every scamp who wishes to use him, and he breaks his promises right and left without having the wit to make an excuse, because he knows no good excuse except that Mark Hanna or McKinley or Grosvenor has told him to do something and he has to do it. Deboe gets nothing from the administration for his servility in breaking faith with every body and every interest. So far he has not go' one bit more than any other Congressman. One federal appointment, James as Marshal, has been his reward for being the most contemptible figure in the United States Senate. Why Evans got Baker for postmaster at Louisville, which carries more political influence than a dozen Marshals, under the present civil service regulations. Even Sam Pugh got more than Deboe because he got it earlier, and he got old Judge Iscariot, his father-in-law, appointed to a \$5,000 job in Washington, where old Morg, can keep an eye on the Ninth district Congressman, especially on rainy days, when it is deemed prudent by folks to go in the house.

TURNED DOWN.

A Colored Man Left McKinley's Presence Declaring Treachery—Personal Promises Never Kept.

WASHINGTON, July 12.—With quivering lip and broken heart C. H. Kemp Sturgeon, a colored politician of Boston, Mass., walked out of the White House today. As he stood on the steps of the Executive Mansion and recounted his version of the treatment he had received since he came here to push his application for any one of the Consulates in the islands in the Caribbean sea he became intensely dramatic and created a scene by raising his hand and calling on heaven to witness "how much McKinley and Mark Hanna have deceived me."

"During the campaign they wrote me flattering letters to keep up my work among the Boston colored people."

Sturgeon continued in a high-keyed voice: "I spent over \$800, nearly all I had, for McKinley. I received letters at the time signed Mark Hanna, commanding my services and promising reward. Since then I have found out that Hanna never wrote a letter, and that Secretary Dick has signed Hanna's name to all of them."

"Hanna has repeatedly turned me down, and I have had little encouragement at the White House. I am heart-broken and know not what to do. How I will ever reach Boston again is a mystery."

Sturgeon made a picture of abject misery. His application has been indorsed by Senators Hoar and Lodge and all the Massachusetts Representatives except three.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Strange Things in Mercer County.

Winchester Democrat: "A queer lawsuit is on hand over in Mercer County. A farmer was greatly annoyed by a roguish horse belonging to a neighbor, and one day recently he caught the animal and hatched it to a tree. A bolt of lightning struck the tree and killed the horse, and the owner is suing for its value."

Catlettsburg Democrat: "A man over in Mercer has had a series of troubles. He rode around toll-gate to save five cents; when arrested for that a pistol was found in his pocket, for which he was fined. He sold his cow for money to pay the fine and then stole the cow and drove her back home because he needed her milk. He is now in jail for stealing the cow."

A Remarkable Suit.

Harrodsburg Sayings: "Hundreds and thousands of suits have been instituted in our courts since the organization of Mercer county, in the year 1786, but no other is equal to the one now pending in Judge Cardwell's city court."

"Matilda Bell Williams, of Boyle county, a child, by her father and next friend, Riley Williams, files an affidavit demanding an order of delivery to reclaim one rooster, two hens and six chickens, all bantams, valued at \$2. Bond was given for \$4, double the amount claimed, and 70 cents cost, and the order was given to Constable John Trower. He served it on Ben and Sarah Hewlett, near Cove Spring, in this county, grandparents of the affiant, making the following indorsement on the order of delivery: 'Executed the within order of delivery by taking possession of one speckled hen and six chickens, the other speckled hen and red rooster not found—supposed to be dodging in the weeds.' The old folks, it is said, will offer a set off of thirty-five cents, charged against the child for winding up their clock and breaking the same."

THE July term of the Mason Quarterly Court convened Tuesday. About fifty cases were disposed of either by settlement, continuance or judgment.

J. W. OSBORNE sold five hogsheads of tobacco at Cincinnati the past week at an average of \$15.70 a hundred. W. S. Osborne got an average of \$11.37 a hundred for two hogsheads, and H. Gollenstein got \$12.12 a hundred for two hogsheads.

THE race course at Lexington, the oldest in the country, was sold Monday to Charles Green, agent for St. Louis bondholders, for \$23,325. The property was assessed ten years ago at \$90,000. The Kentucky Association will try to have the sale set aside.

MRS. FANNIE METCALF, aged 101, and Mrs. Elizabeth Harlan, aged 96, were buried at Ripley Saturday. Monday afternoon Mrs. George Bartley and "Aunt" America Harris, both past 80, were buried at that place. Mrs. Bartley was the mother of Mrs. Henry Brown, of the Fifth ward.

A LADY in town has a daughter visiting in Nashville who writes, "If any one is coming from Maysville to the Centennial, they can not do better than to stop at Mrs. Swain's, No. 1510 McGavock street, where they will find the best offboard and lodging and the street cars right at hand, which lead direct to the grounds."

MR. W. L. QUESTELL, a Portsmouth drummer, was at the Central Hotel this morning. A friend of his who is engaged in the business of manufacturing, had authorized him to confer with the owners of the Maysville factory with a view of purchasing it. He was unable to see them this morning, but secured their address and will report to his friend. It is to be hoped that arrangements will soon be made to start up this factory.

Getting a Good Team Together For That Trip South—After Some Fast Players.

Mr. Henry Wadsworth went to Cincinnati Tuesday afternoon to get a good ball team together for that trip South next week. He doesn't intend to make the trip unless he can secure a first class team, as he wants to keep up Maysville's reputation in this respect. He is after such fast players as Cliff Groves, Spec McGowan, Cornelius, Renner, Carney Flynn and Eddie Hayes, and will try also to get Dickey Van Winkle. If he is successful, Peters, a promising all round player from Cynthiana, will likely be taken along also.

If Henry succeeds in getting a team together, a series of ten games will be played at Knoxville and Asheville, and games at other points will no doubt be arranged.

After the trip South, Henry will bring his team here for a couple of months if Maysville's business men and lovers of the game will subscribe a guarantee of \$50 or \$75 a month.

Captain Tanner's Portsmouth team will go it alone hereafter.

In Richmond, Va., they boast that Norman Elberfield is the best and hardest worker in the Atlantic Association.

The Pittsburg coal exchange has set next Friday as the day for the demonstration in honor of the free Monongahela. A naval review has been decided upon and the Elizabeth has been chosen as flagship.

Park Theater.

A large audience witnessed the show at the park last evening. The Murrays proved themselves favorites again; they are certainly a clever pair. Mr. Murray, as the tramp, introduced a character creation new to the stage. Their act alone is worth the price of admission. The balance of the program is good and presents some novel features. The people of our city are just waking up to the fact that they have some place to go to spend their evenings pleasantly. Go out this evening.

MR. JOSEPH COUGHLIN tendered his resignation Tuesday as Constable of Maysville Magisterial district No. 1, and Mr. Frank Purnell was appointed to fill the vacancy.

THE receipts from the lawn social given last evening by the ladies of the Christian Church amounted to over \$30. The cool and threatening weather interfered with the attendance.

THE Maysville and Mt. Sterling Turnpike Company has lately erected a tollgate at the top of the hill this side of Lewisburg, and now it is said the people of Lewisburg and vicinity will build a private road to connect with the Hill City pike.

All Causes Have Their Effects.

Since the middle of June we have sold thrice the amount of goods than in the same given time since 1894. Why? Because money is more plentiful, and those that have the coin are apt to go where they get the most and the best for their money.

When times were the hardest and most merchants bought the commonest of goods, we kept on the even tenor of our way, and bought only the highest class of merchandise. We may have missed some sales on low qualities, but we retained our high standard in our various lines, and as our people are now realizing better prices for their products, and money is more plentiful, we are reaping the benefit of our repute for handling

REPORTS to the Agricultural Department show a decrease of about 1,000,000 acres in the corn crop. Tobacco shows a falling off of over 20 per cent. in acreage and thirteen points less in condition than last year.

THE chinch bugs are playing havoc with some corn fields in Crittenden, says the Press. From almost every neighborhood come reports of the devastation of these little bugs, and there seems to be no way to head them off. Since the wheat has been cut they have deserted the wheat fields, and growing corn is the objective point of the vast army.

THE \$20 lost Monday by the artist, Mr. J. H. Watters, was returned to the BULLETIN office shortly after the paper was issued yesterday, by Mr. Simon Davis, who found it near the postoffice. Fortunately the money fell into honest hands, and Mr. Watters is \$10 better off than he was before he advertised. The \$10 reward was turned over to Mayor Cox by Mr. Davis for the benefit of the city poor.

KENTUCKY FARMERS

Meet in Lexington To Discuss the Holding of Wheat—Grain Going Up.

LEXINGTON, Ky., July 12.—At the mass convention of farmers for the purpose of adopting means of protection against low prices for their wheat, representatives from Fayette, Scott, Woodford, Bourbon and Jessamine counties were present. Addresses on the subject were made by Col. Tobias Gibson, of Woodford; H. W. Alexander, of Bourbon, and others, after which the following resolution was adopted:

Resolved, That the farmers of counties of the State be recommended to form farmers' associations at their county seats with a view of ultimately forming a State organization to which the county organizations are to be subordinate.

An interesting letter from J. T. Flynn, of Chicago, on the "Production and Price of Wheat," was read. He urged that the farmers hold their wheat for better prices. The fact was cited that wheat has gone from 60 cents to 62 cents within the past few days and the farmers were assured that if they take the proper means to protect themselves the price will continue to rise.

The Cincinnati Post says State Inspector Lester has been investigating the accounts of County Clerk Wilson, of Covington, and that he will report a shortage of about \$8,000. Mr. Wilson claims he has settled in full with the State.

REPUBLICAN LEAGUE CONVENTION.

Fair Attendance of Delegates to the Detroit Gathering.

DETROIT, July 14.—The National Republican League convention opened yesterday with a fair attendance of delegates for an "of year" in politics. Nearly all the states are represented, although the quotas of delegates are small in several instances. The absence of party leaders who are prominently identified with the administrative and legislative departments of the national and state governments is a conspicuous feature. The assembly comprises chiefly the younger members of the party, who, while they have not attained eminence in political life, have plenty of enthusiasm and energy.

Most of the delegates not detained by committee work or engaged in booming candidates for league offices enjoyed a trolley ride about the city in the afternoon. There were 30 trolley cars in the procession and they carried a jolly crowd.

Last night's massmeeting in the convention hall was entertained for the most part by extemporaneous speeches, Senators Hanna and Thurston and some of the others scheduled to appear not being present.

The contest for the league presidency goes merrily on. Crawford of Kentucky and Fleitz of Pennsylvania each professes confidence in his election, while Pollasky of Chicago asserts he is still in the race, notwithstanding the Illinois delegation is not giving him united support.

IMPORTANT PENSION DECISION.

New Version of What Was in the Line of Duty.

WASHINGTON, July 14.—An important decision constraining the rights of pension claimants in line of duty cases was rendered yesterday by Assistant Secretary of the Interior Webster Davis. The issue is made in the case of Henry Miller, private in Company K, One Hundred and First Ohio Infantry.

After being relieved from guard duty one day Miller voluntarily assisted a teamster in watering mules, and while so occupied was fired upon and injured. The department heretofore has rejected such cases as not in the line of duty.

Assistant Secretary Davis, however, reverses the pension bureau action, holds that the claimant was not disobeying orders nor violating army regulations, but was aiding a comrade in protecting government property; was doing something which he not only had a right to do, but was commendable and so was acting in the line of duty.

The adoption of this policy will affect many claims. The case is held to be practically similar to that of a soldier hurt by the enemy firing on him while he was off duty in his tent, in pursuance of any employment at which he had a right to be employed.

Insane From Poisoning.

HENDERSON, Ky., July 14.—John J. James, a prominent minister, and brother of United States Marshal James, became suddenly insane yesterday. He went to the sheriff's office, stated that he had killed two men, and wanted to kill more. He became violent, but was overpowered. Several months ago he with others was poisoned at a dinner at Cave-in-Rock, Ills. Two died from the effects of the poison, and his insanity is attributed to this.

Another Tollgate Destroyed.

CYNTHIANA, Ky., July 14.—Ten raiders last night destroyed a tollgate on the Hedges pike, kept by Patrick Maloney. The keeper was warned not to collect any more toll. The raiders were masked and were armed with guns and pistols. They dispersed after accomplishing the destruction of the gate.

Dysentery Causing Alarm.

TIPTON, Ind., July 14.—Dysentery and kindred complaints continue to cause much alarm in this city. Altogether there have been 100 cases, with several deaths.

ANNUAL EXCURSION TO SEASHORE.

The First of the Season Over the C. and O. To Old Point and Fortress Monroe, July 22nd.

Among the numerous resorts of the Atlantic Coast none has maintained its supremacy like Old Point Comfort. An opportunity to visit it at a popular priced round trip rate is always taken advantage of by thousands from the West who prefer it, and rightly too, above the other resorts. The Hygeia Hotel for many years has held its place in popular favor and is so well known as to need no description, but many who have not visited Old Point Comfort since the Chamberlin has reached completion will be delighted with this magnificent hotel, immense in its proportions, luxuriously furnished, commanding a position at Old Point Comfort which gives to its guests an extended view of Hampton Roads Harbor and the broad Atlantic. Both the Hygeia and Chamberlin are within a stone's throw of Fortress Monroe, the great training school of the United States Army whose mounts, reviews and dress parades are a never failing source of interest to visitors. Some representation of the United States Navy as well as of some other foreign navies is nearly always anchored in front of Old Point Comfort while short excursions can be made to the soldiers home and Indian Normal School at Hampton (ten minutes ride by electric car) or to the Gosport navy yard at Portsmouth, opposite Norfolk, Va. (forty-five minutes by steamer), or to Ocean View across Hampton Roads (twenty minutes by steamer) or to Virginia Beach (reached by rail in thirty minutes from Norfolk) or to the \$3,000,000 ship yards and the foreign and domestic shipping at Newport News (reached in twenty-five minutes by train). These attractions with its surf bathing and fishing gives a greater variety to the scenes around Old Point Comfort than to any other American seashore resort.

The Hygeia and Chamberlin make a rate of \$25 per day for this occasion. Round trip tickets will be sold for the F. F. V. Limited leaving Cincinnati 12:01 noon and for the Atlantic Express leaving Cincinnati 9:10 p.m. Thursday, July 22nd, at the following rates:

From Cincinnati, Maysville and intermediate stations, \$12; from Portsmouth, \$11; from Ironton, Ashland and Catlettsburg, \$10; from Huntington, W. Va., \$9.50 for the round trip. Tickets will be good returning within fifteen days from date of sale. They will be for continuous passage to Old Point Comfort on the going trip. On the return trip stopover privileges will be granted at Richmond, Va., Natural Bridge, Hot Springs, Va., White Sulphur Springs and other famous mountain resorts.

The scenery of the Chesapeake and Ohio along the Ohio, Kanawha, New and Greenbrier rivers and across the Allegheny Mountains is of so grand and varied a nature as to well repay one for making the trip even if the attractions at the coast were not so great.

Pullman sleeping car reservations should be made in advance by addressing C. B. Ryan, Assistant General Passenger Agent, Cincinnati, O.

Tariff Tinkers Fail to Agree.

WASHINGTON, July 14.—The representatives of the two houses of congress in the conference on the tariff bill spent a busy day, devoted for the most part to work in the conference room. There were occasional consultations with other senators or members of the house upon points at issue, but these were brief, so that comparatively little information as to the progress made found its way to outsiders. It is known that almost the entire day was devoted to the sugar and wool schedules, and the best information obtainable is that a final agreement was not reached upon either.

Eight Tramps Killed.

DES MOINES, July 14.—A special from Boone says: Westbound meat train on the Chicago and Northwestern crashed into eight box cars which ran off a switch mile from that place at 5:30 yesterday morning, wrecking the whole train. The cars were piled up 20 feet high, and eight tramps were in the wreck and were killed. Several of the train crew were injured.
